

SCHOOLS OF CHOICE ELEMENTARY BUILDING REQUEST FORM

Dear District 7 Schools of Choice Families,

For the 2018/2019 school year, District 7 will be reconfiguring our elementary buildings back to K-5 neighborhood buildings. This means that all of our resident families (those living in the District 7 community) will attend the school that is closest to their home. Additionally, there will be no shuttle bus service provided.

As for our Schools of Choice families, we would like to make every effort to let your children attend the elementary building that would be most convenient for your family. We realize that there may be many factors that will affect which school you choose (older siblings attending the middle school or high school, the closest building to the road you take into the district, etc.) This form will serve as a way for you to request the school that you would prefer your elementary students to attend. We cannot guarantee that all requests will be honored, but we will do our very best.

This is the only opportunity that Schools of Choice families will have to make a request in terms of their children’s building placement. If you choose not to return this form, it will be assumed that you do not have a specific building preference. This form should be completed and returned to your current school secretary no later than Friday, February 16th. Our hope is to inform our current Schools of Choice families of their building placement for next year prior to the last day of school this year.

Please completed this form and return it to your current elementary building secretary no later than Friday, February 16, 2018. (PLEASE PRINT)
